PROFESSIONAL EXPERIENCE

Walgreens Pharmacy

San Diego & Sacramento, CA

Staff Pharmacist

June 2012 – Present

- Dispensed medications to patients, filled prescriptions, administered vaccinations, and carried out a variety of duties to assist patients at several pharmacies in San Diego and Sacramento counties
- Managed a team of 2-3 pharmacy technicians in fast-paced retail setting, and served an average of 50 customers over standard 8-hour shift
- Served 30+ stores across both Sacramento and San Diego Districts
- Selected Project Experience:
 - Management of vaccination outreach clinics
 - Twice at Qualcomm headquarters in San Diego, vaccinated 100+ patients
 - Once at a Mexican-American community center, vaccinated 60+ patients

California Correctional Healthcare Services

Sacramento, CA

Contract Pharmacist

October 2015 – October 2017

- Verified orders and assisted staff pharmacists during the transition to a fully electronic health record (EHR) system, which involved a cutover from Maxor's Guardian to Cerner's Millennium software
- Performed daily data acquisition reviews to analyze and identify irregularities, which resulted in improvements in accuracy of subsequent data entry and averted at least 2 major project setbacks
- Entrusted with entry of injectables, tuberculosis medications, anticoagulants and other complex orders to save time
- Supervised setup and production of medicine blister cards using CASI (Cornerstone Automation Systems, LLC) equipment, including MTS-350, MTS-400, and MTS-500 machines
- Led a team that performed an audit of automated allergy entries for 3000+ patients and then presented discrepancies to management
- Selected Project Experience:
 - Creation of project charter for a centralized remote order verification service
 - Worked in team to gain approval of charter; resulted in development of pilot programs for remote order verification during regular business hours and after hours

EDUCATION

UC San Diego – Skaggs School of Pharmacy
